Technical Exhibits — East and West Gold Rooms

The Technical Exhibits—Our friends, the Exhibitors have been untiring in their efforts to present the very latest in apparatus, and anesthetic products for our benefit. Make a special effort to study their exhibits before, during and after the Scientific Sessions. You will learn much by what they have to offer. They are doing a great work in advancing the practical side of our specialty, and are always interested in our individual reactions and suggestions of the advances along these lines.
